Circular letter #10.

SUBJECT: Educational Status of Men Enrolled in the CCC Camps
in Florida.

TO: Members of the Coordinating Committee, Camp Educa-
tional Advisers and Student Teachers.

1. As a result of requests from the Co-ordinating Committee for information regarding the education of the men in the CCC Camps in the State, reports were requested from the twenty-five camps in the State. We received reports from twenty-three of the twenty-five camps. The results of this survey are given on the attached sheet.

2. The information given is for all camps. In the State there are men from Florida, Georgia, Alabama, New York and New Jersey. There are white and colored camps, junior and veteran camps. There are two colored camps and two veterans camps, the remainder being junior camps.

3. The chart on the attached page gives a comparison of all the camps with the veterans camps and the colored camps. The curve for the totals for all camps is very similar to the curve for an individual camp.
